We support international students and young professionals by providing counselling services for daily life and cultural adjustment by our experienced cross-cultural communication specialists while they stay in Japan for study or training in preparation for their bright future career.

Connecting with Future: Specialist in Cross-Cultural Communication

We support international students and young professionals by providing counselling services for daily life and cultural adjustment by our experienced cross-cultural communication specialists while they stay in Japan for study or training in preparation for their bright future career.

Connecting All Activities: Unshaken Conviction

The JICE “Mission Statement” and “Catch Phrase” express the role of our organization. They are the basis of all our activities and action guidelines.

Mission Statement

We, as a professional group in human resources development, empower people to solve national and global challenges as we strive to create a peaceful and prosperous world through exchange of ideas and knowledge.

Our Catch Phrase

Share knowledge and experience. For our world. For the future.

Headquarters in Tokyo, we have 5 branch offices in Japan and 17 overseas offices serving for growing needs and demand for international cooperation and exchange both at home and abroad.

Connecting with the World: Our Worldwide Network

We support international students and young professionals by providing counselling services for daily life and cultural adjustment by our experienced cross-cultural communication specialists while they stay in Japan for study or training in preparation for their bright future career.

Our Catch Phrase

Share knowledge and experience. For our world. For the future.
As a Group of Professionals in HRD

Built on more than 40 years of achievements in training and preparing future government leaders of the partner countries through sharing technologies, knowledge and experiences from across Japan, we move forward to promote international cooperation and exchange by further linking Japanese knowledge with the world with a belief that it will contribute to the creation of a peaceful and prosperous global society.

Our Eight Activities Connecting People and Idea

JICE supports overseas students from developing countries, the Middle Eastern countries, and other countries, collaborating with respective Japanese universities. By fully utilizing our overseas and domestic networks, JICE supports recruiting and screening applicants, arranges necessary procedures before students’ departure, assists their academic and daily life to obtain academic degrees during their stay in Japan. JICE thus ensures students to learn many things in Japan so that they could contribute to the future development of their own countries.

JICE provides management support to international training programs for overseas participants. In accordance with client requests, JICE offers aid in developing training plans, managing the progress of training programs, interpretation, escorting participants during their travels and facilitating training comprehension. JICE assists participants in achieving their own objectives, so that Japan’s technologies and experiences can help create solutions for problems in their home countries.

JICE translates various reference materials for foreign residents, and dispatches lecturers to teach “cultural co-existence” classes at local municipalities. JICE applies its know-how and a body of staff trained in international cooperation to promote the harmonious co-existence of different cultures in local Japanese communities. Drawing on the ample experience of conducting Japanese language courses to improve job readiness of foreign residents, we are looking forward to providing support for the employment of foreign students.

JICE’s Japanese Language Course is conducted effectively by experienced instructors so that the participants can master practical Japanese in a short period. Programs are designed for international researchers, business persons, students and residents in Japan with a special attention to meet the requirements of the participants covering useful knowledge of Japanese culture and daily life. We also organize programs conducted overseas.

JICE connects overseas project sites to affiliated domestic organizations and offers broad support, managing conferences and symposia, and conducting technical training in Japan for effective project management. In addition, JICE can meet diverse needs of the clients with speed and flexibility such as compiling database on development assistance trends.

As a group of professionals in human resources development, we maximize learning achievements in specific issues as well as Japanese experiences and good practices through providing a comprehensive management support ranging from preparatory study, planning, operations & management, consultation to evaluation and if needed, to feedback and follow up, regardless of the scale of the project. We also support participants in various programs to solve individual, institutional and national challenges. We offer high quality learning and knowledge resources so that all the beneficiaries and clients will maximize benefits and effectiveness of the project managed by JICE.
